

Arathena Rocks Hotel

Descriere Arathena Rocks Hotel 4*

- Here, an enveloping and friendly atmosphere reigns, in a private and elegant environment devoted to relaxation. Giardini Naxos is a destination much loved by tourists thanks to the beauty of its sea, its ancient history - being the first Greek colony in Sicily - and its proximity to Taormina. At Arathena Rocks, you can enjoy a splendid outdoor swimming pool with sea water, surrounded by a green garden and carved from a glorious bay of volcanic rock. Our hotel contains one of the most interesting collections of decorative objects: bas-reliefs, sculptures, wrought iron balusters, gilded frames, baroque and hand-painted doors, along with collections of tiles. The elegant double and triple rooms are comfortable, being fitted out with hand-crafted pieces, Mediterranean-style furnishings and Caltagirone ceramics. They are equipped with terraces, balconies or loggias with sea view or else face Mount Etna, along with having air conditioning (during the summer months), a safe, TV and private bathroom.
